AttFife invites you to  
the opening of the new  
Fife Space exhibition

# Punk Forever

**Punk Forever** is an exhibition of artwork depicting all aspects, colours and even the 'educational values' of the punk rock movement, through a refreshing and fun look at how punk changed the world, and how it has continued to evolve from 1976 to the present day. In addition to the artwork, Punk Forever includes examples of music, fashion and poetry. The punk rock story is told via rare and original work created by artists such as Jamie Reid, James Cauty and Billy Childish, and also posters of bands such as The Clash, The Damned and The Sex Pistols.

**Fife Space Gallery**  
**Monday 7 June at 6.30pm**

The evening will also feature punk rock music and poetry in a 'club' setting.

Roths Halls, Roths Square, Glenrothes KY7 5NX

**Monday 7 June – Thursday 15 July 2010**
